

The eACT EU GDPR 2016/679 model is a unique, innovative and voluntary tool.

Easy to apply for any type of organization, required to apply the GDPR 2016/679; as well as functional to mitigate the risks of data breaches and to avoid an absolutely non-negligible system of penalties.

An interested party who confirms the processing of his personal data to an organization that correctly applies the eACT EU GDPR 2016/679 model can be considered more guaranteed.

The same subject can send, freely, of the reports, through the QR-CODE present in the **Certificate of Registration eACT EU GDPR** of the organization that carries out the processing of his data

The **eACT EU GDPR 2016/679 model**, to encourage continuous improvement up to the objective of GDPR Compliance, has been specifically designed and structured into four levels (Level)

**The I level is the starting one, easy to activate, it is delivered online, it allows to receive by e-mail the Certificate of Registration eACT EU GDPR with eACT MARK**

Successful levels, can be integrated at the I level, allow to acquire other advanced services and audits at the units of the organization even with the remote audit ISO 19011 formula

**The integration of the Level, and an adequate application of the eACT EU GDPR 2016/679 model** and therefore of the GDPR 2016/679, contributes to increase and affirm the security in data processing and the loyalty of all the stakeholders that revolve around your organization that adopts the eACT EU GDPR 2016/679 model

**Moreover, the IV level assists the organization until obtaining the GDPR Compliance, voluntary certification pursuant to article 42 and article 43 of the GDPR 2016/679**

**The certificate is issued by a certification body, independent, also by eACT, and accredited**

The eACT platform, eACT EU GDPR brands, all evolved services and the model are protected by international laws protecting intellectual property, industrial property and copyright (c) 03503440277 [staff@eact.it](mailto:staff@eact.it)
