ID. INTERNAL REFERENCE TEST REPORT

n. ATT03-211120

The data shown refer to the product and to the test conditions indicated in the reference Test Report

compliance@tecnodomspa.com

Model / Brand	ATT03 / TECNODOM SPA
Type of Product	Blast Chiller / Blast freezer
Refrigerant fluid (GWP)	R452A (2.141)
Indicator of programm used for blast chilling	PRG 1 – Blast Chilling (see user manual)
Indicator of programm used for blast freezing	PRG 2 – Blast Freezing (see user manual)

Item	Symbol	Value	Unit
Energy consumption for chilling function*	E	0,0626	kWh/kg
Chilled full load capacity *		15,02	Kg
Energy consumption for freezing function*	E	0,3727	kWh/kg
Frozen full load capacity *		9,025	Kg
Refrigerant charge		0,90	Kg
Operational ambient temperature		30	°C
Blast chilling cycle from + 65 °C to + 10 °C	t	105	min
Blast freezing cycle from + 65 °C to – 18 °C	t	255	min

*Weight capacity at full load under test conditions
